SET UP. TRADE. GROW.

An Integrated Automotive Ecosystem in Abu Dhabi

2026

المركز العالمي للمركبات أبو ظبي
GLOBAL AUTO HUB ABU DHABI

Our Vision

To establish Abu Dhabi as the leading global centre for automotive trade, industrial processing, circularity, and full-scale vehicle manufacturing.

Our Mission

To connect global automotive businesses with markets, infrastructure and capabilities through a trusted physical and digital platform anchored in UAE.

Trusted global gateway

Connect businesses and markets worldwide.

Trade to manufacturing

Extend the automotive value chain into assembly and manufacturing.

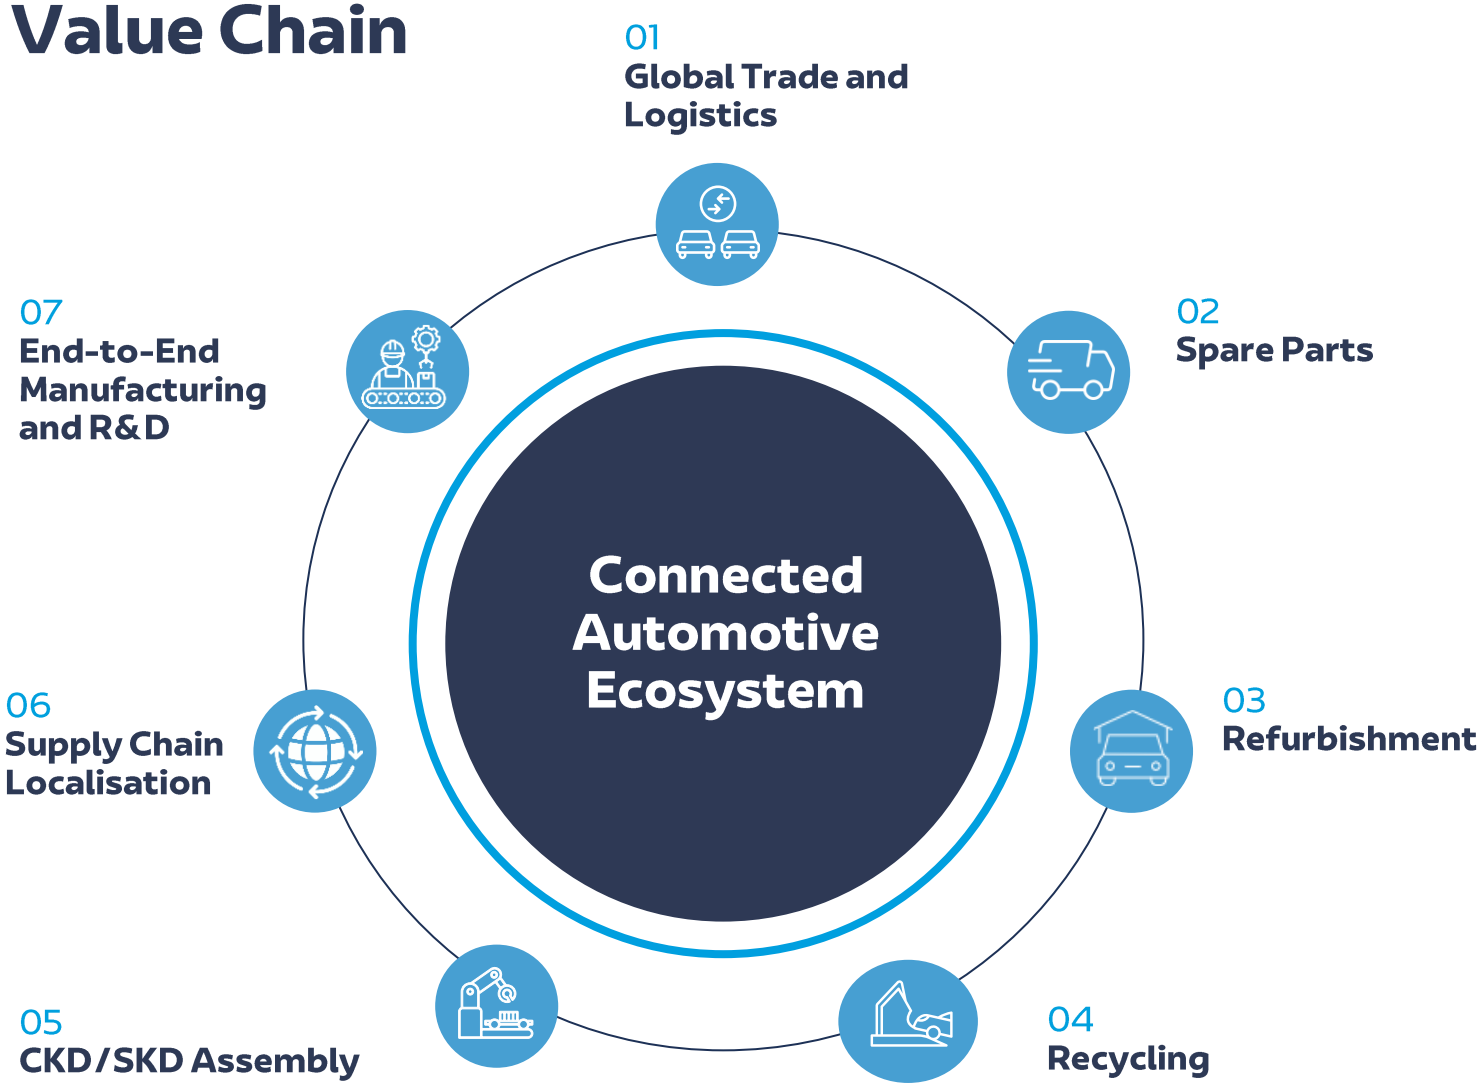

End-to-End capabilities

Bring together trading, certification, refurbishment, recycling, assembly and related support services.

Sustainable industrial growth

Advance circular practices and industrial growth aligned with Abu Dhabi's long-term economic ambitions.

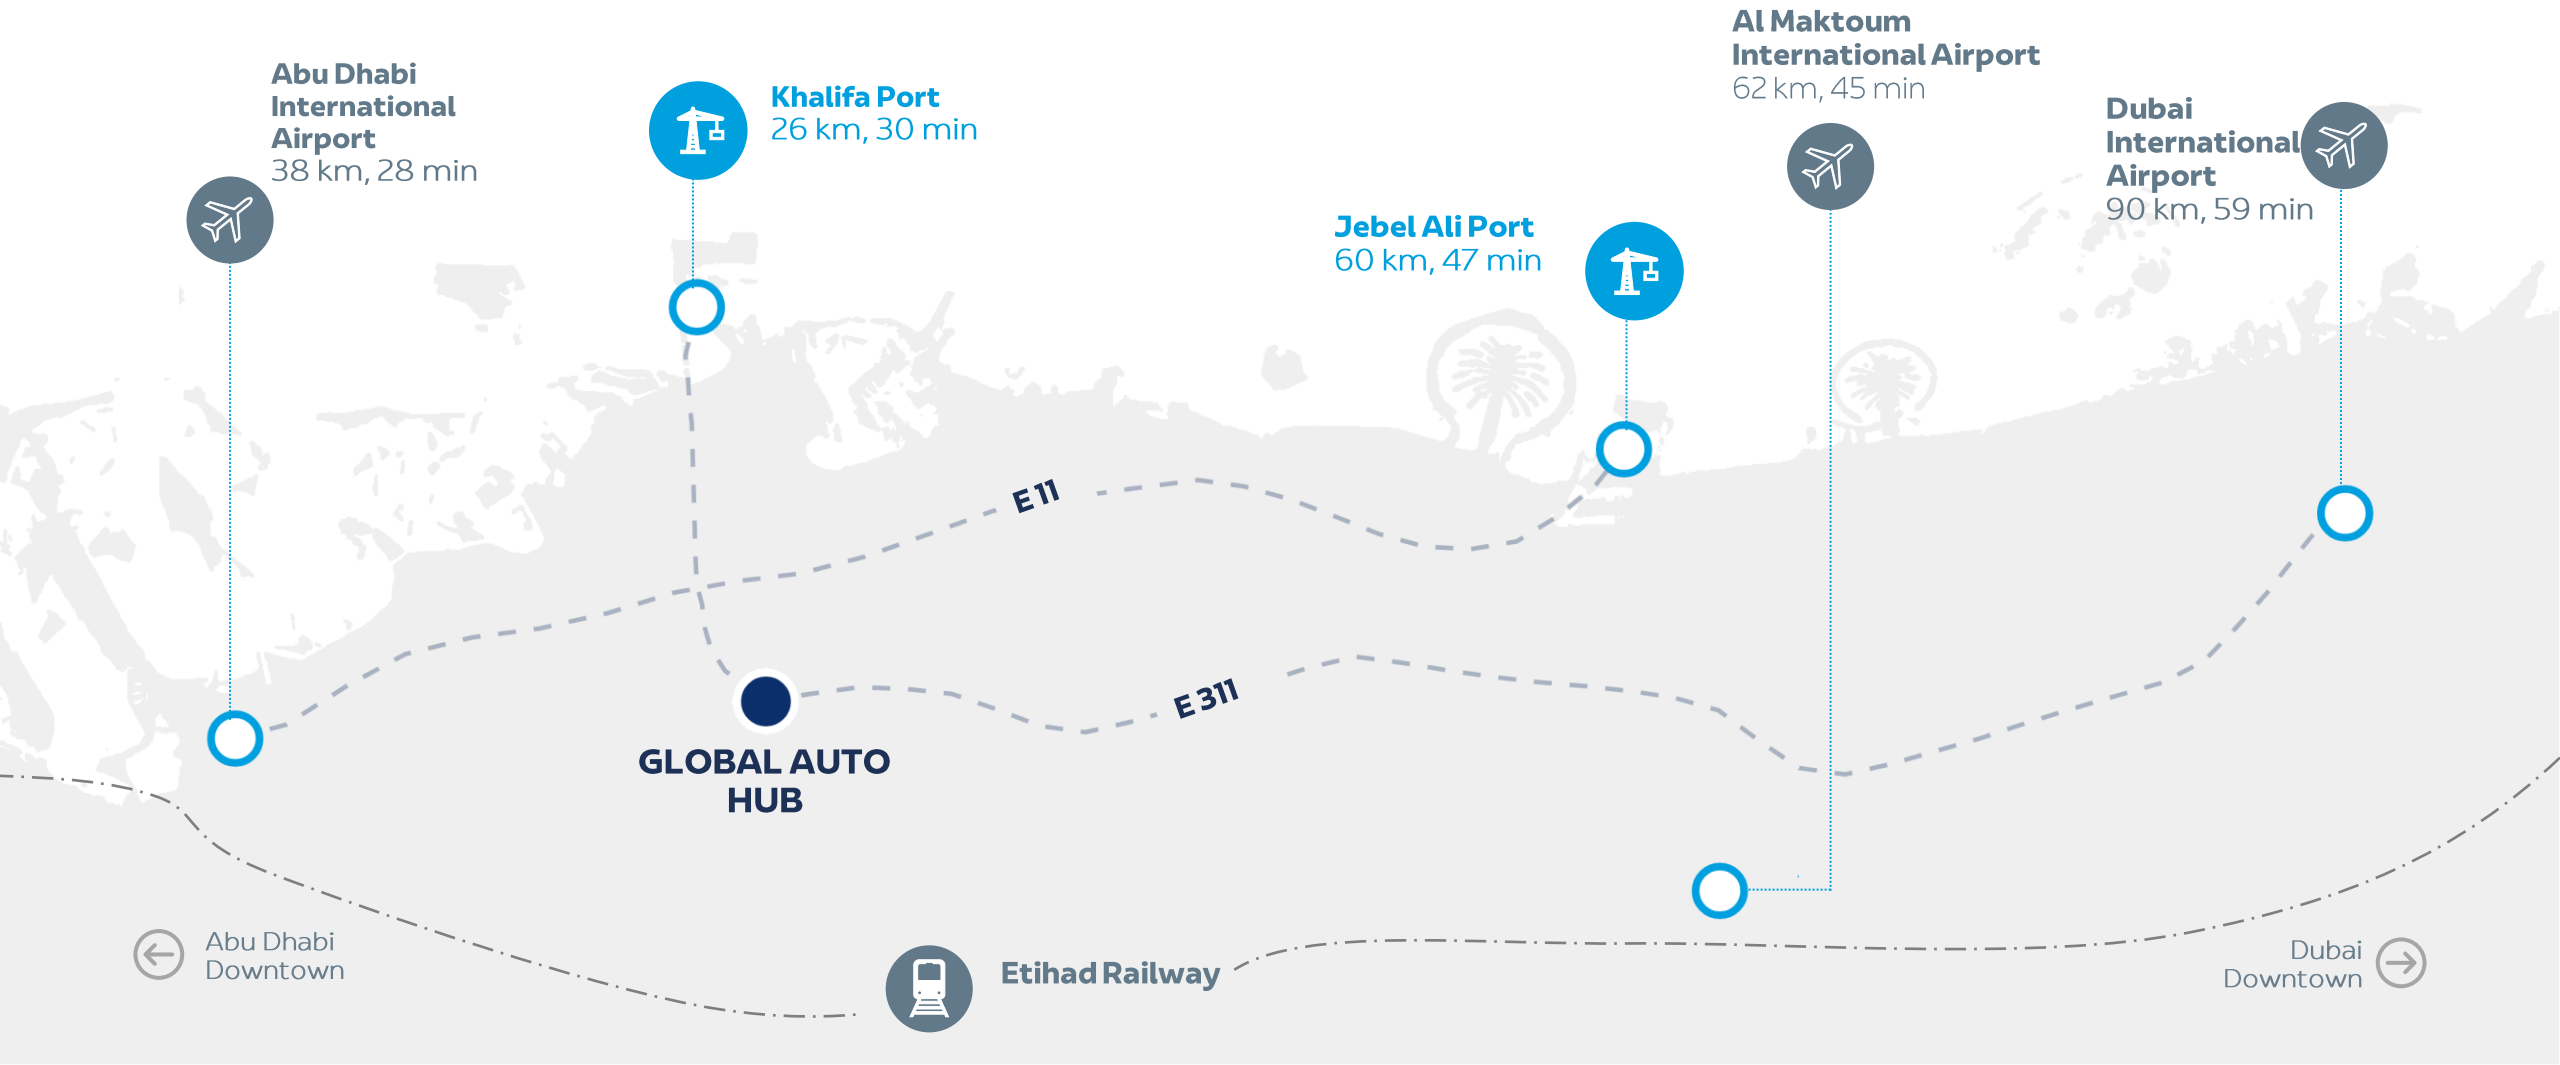

Building an Integrated Automotive Value Chain

GLOBAL AUTO HUB ABU DHABI

Part of AD Ports Group's Automotive Division

Global Auto Hub is part of AD Ports Group's Automotive Business Unit , connecting on-site automotive services with an extended logistics ecosystem. Through integrated Ro-Ro shipping, ports, automotive terminals, and land logistics, we connect regional operations with global trade.

Auto Hubs & Marketplaces

Connecting markets to enable trade & growth

Physical and digital platforms connecting traders, service providers, buyers and markets.

Maritime Transport

Connecting automotive markets by sea

Vehicle transportation across short- and deep-sea routes through an owned Ro-Ro fleet.

Terminal Services

Managing vehicles through specialised automotive ports

Vehicle handling, storage, inspection and value-added services across a growing terminal network.

Inland Logistics

Connecting markets by land – road & rail

Multimodal road and rail transport, inland storage and vehicle distribution.
